EXPERIENCE

TBI-GEU

Full Stack Developer Intern

India

July 2024 - Oct 2024

- Completed weekly tasks and projects that enhanced full-stack development skills.
- Designed and implemented responsive web applications using HTML, CSS, and JavaScript.
- Developed and maintained backend services with Node.js and Express.js.
- Collaborated with the team to troubleshoot and optimize code for performance.
- Gained hands-on experience in integrating databases and server-side technologies.

SKILLS & CERTIFICATION

○ **Frontend:** HTML5, CSS3, JavaScript, React.js.

Backend: Node.js, Express.js.

Tools and Platforms: Git and GitHub, Postman, Vercel.

Soft Skills: Problem Solving, Communication, Quick Learner

○ Certificate for Completion of [Web Development](#)

PROJECTS

Habit-Expense Tracker

Aug 2024 - Sep 2024

- Developed a web application using **React.js** to track expenses and build financial habits. Implemented features like expense logging, goal setting, and expense categorization. Integrated **Axios** for API calls, used **React Router** for routing, and ensured a responsive design with **CSS**. The app allows users to track their spending habits.

To-Do list App

Sep 2024 - Sep 2024

- Developed a **To-Do List** web application using the **MERN stack** (MongoDB, Express.js, React.js, Node.js) for task management. Designed a responsive frontend with **React** and implemented a RESTful API with **Node.js** and **Express** to handle task creation, updating, and deletion. Utilized **MongoDB** for database storage, ensuring efficient data management and retrieval. Integrated **Axios** for API calls and managed state using React hooks. Focused on a user-friendly interface and seamless backend integration.
